Dear Jill:

I would like to thank you for your overwhelming contribution to our very successful Chapter Development Conference in Biloxi, Mississippi. You managed to surpass all expectations amongst the chapter officers and had them rapt with your presentation on "Leadership Challenges." Your entertaining manner and smooth presentation helped in getting across your very crucial message in leading by example.

I hope you enjoyed your interaction with our members at the reception. I greatly enjoyed my dinner with you at Mary Mahoneys.

As a meeting planner with many years' experience, I was grateful for your professionalism in preparing for this meeting. I received many compliments for your presentation, which makes me feel very good, while I cannot take credit for your presentation I certainly enjoyed the happy comments. Please find the CDC evaluation tally attached for your review. Congratulations on a job well done!

Please feel free to offer my name as a reference and thank you once again for your effort and successful presentation.

Sincerely,

Kimberly Kennedy
Director of Meetings & Convention
