June 24, 1998

Dear Jill,

Please accept my apologies for a very late thank you for the wonderful presentation you gave to the NAHB Women's Council at the May 1998 Spring Board meeting. You were right on target and brought so much enthusiasm, not to mention "candy", to our meeting. I heard many positive comments about your presentation. You kept everyone "awake and alive" during lunch, which is no small feat with any group.

It was great to see you. I only wish we could have had more time to sit and talk. I've spoken to Carmel about having you back for the 1999 Spring Board. I will not be chairman next year but will put in my vote to have you back. I'll be able to sit with the members and vie for the rewards, which are so important to all members!!

Thanks again for a job very well done. Have a great summer. Take care.

Personal regards,

GLUNT DEVELOPMENT CO., INC.
